### Working with Children Check (WWCC) Child Protection (Working with Children) Act 2012 (NSW)

COMPLIANT

Little Bird Electronics is an off-site goods supplier. Staff do not typically enter education sites and do not interact with students in the course of supply. WWCC requirements are therefore not engaged. Where a customer specifically requires a WWCC-checked individual for an on-site delivery or training engagement, this can be arranged on request.

### Contractor Induction

NOT APPLICABLE

Little Bird Electronics is a supplier of goods, not a contractor entering customer premises. Site-specific contractor induction protocols are therefore not engaged for standard supply.

### Personnel Training

IN PLACE

Staff are trained in standard warehouse operations, customer service, and product knowledge. Compliance training in privacy, anti-bribery, and modern slavery awareness is delivered as part of onboarding.

## 08 / SUSTAINABILITY **Sustainability & Stewardship**

### E-waste & Product Stewardship Product Stewardship Act 2011 (Cth)

Customers may return end-of-life electronic products and lithium batteries supplied by Little Bird for responsible disposal through accredited recyclers. Battery returns are handled via the B-cycle scheme where applicable.

### Environmental Management
